

**WHADDON NEIGHBOURHOOD WATCH**  
**(whaddonnhw@gmail.com)**

After an extended period with few crime problems in the village, we have not been so lucky during the last quarter. Unfortunately for the residents involved, there was a serious burglary in Bridge Street involving the theft of valuables and considerable damage to the property as the thieves gained entry. Further down Bridge Street, at Ermine Farm in Dyers Green during the early afternoon, five youths climbed fences and proceeded to chase the grazing sheep through the electric sheep nets. Posts were broken, nets dragged down and the sheep traumatized. The youths, who were followed, went on to Bassingbourn where they committed further damage before the police apprehended them. At the Golf Centre, Ken Green has had a number of metal signs stolen. He would be grateful for any feedback on who might be doing this. Finally, the Village Hall was targeted with the outside tap found turned fully on. Luckily it was discovered the same evening and turned off but soon after it was turned on again resulting in flooding across the road. The tap has now been isolated and the water switched off. Two youths on bikes were seen but were not close enough to be challenged.

On a more positive note, the village neighbourhood watch e-mail system is now up and running at: whaddonnhw@gmail.com. We currently have some 90 houses with e-mail loaded into a google mail (gmail) address book and are urgently trying to list the remaining 30 plus who we think are missing from our list. If you have given your e-mail address to one of the NHW coordinators and have not received any messages then would you check your spam. If nothing there then please contact me on the above e-mail address. If you have yet to complete the proforma that has been put through doors would you e-mail me your name and address. It seems that around 15% of the village does not have e-mail so we are talking to most of the village. With the system working and proved, we will use it to communicate information on the many other events and issues going on in Whaddon. MRM

**Remember – dial 999 to report a crime actually happening or when lives are at risk and for a non-emergency matter call 101. If you report an incident to the police please let your neighbourhood watch coordinator know.**
