3.0 Approval of minutes – to resolve that the minutes from the Parish Council meeting of 10th July 2017 are a correct record – Resolved that the minutes be approved and signed by the Chair.

4.0 Reports from Clerk and Councillors – to receive updates about progress on resolutions and actions from previous Parish Council meetings:
   - Future of Permissive Paths, Leyhill Farm – County Cllr van de Ven had made some initial enquiries. The Clerk and Cllr French to speak to Cambridgeshire County Council’s (CCC) Rights of Way Officer for further information. Action: GvP/KF.
   - Cardiff Place street-name sign – a new sign had been requested from SCDC.
   - Site Meeting with Highways Officer (26th July) – at the meeting various highways issues in Whaddon were discussed and reported. The Highways Officer would look at the surfacing history of Whaddon Gap Road. It was noted that requests to have white lines repainted could be made via CCC’s Highways Fault website.
   - Tree Safety Management Seminar – this had been attended by the Tree Officer and Clerk on 17th August. A survey of all the trees which were the PC’s responsibility had been undertaken on 7th September. This would be discussed at the next PC meeting.

5.0 Reports from District and County Councillors:

5.1 District Cllrs Report – receipt of oral report: District Cllrs Cathcart and McCraith gave an update:
   - Eternit Planning Application – this had been unanimously turned down by SCDC’s Planning Committee on 6th September. Reasons included highways concerns, environmental impact, isolation of the site, lack of public transport and that the development would impact on several villages. The decision went against the recommendations of SCDC’s planning officers. Planning Committee members can take a broader view than the planning officers.
   - SCDC Local Plan – the Inspector’s observations were expected to be received by late September or early October 2017. There would then be a further round of consultations. It was hoped that the Plan would be adopted no later than Spring 2018.

5.2 County Cllr Report – receipt of oral report (if present) or noting of written monthly report: A written report for September 2017 had been circulated to the Cllrs and was accessible via a link on the village website. County Cllr van de Ven gave an update:
   - Area Champions – CCC had created these new roles. A councillor would be appointed to act as a Champion for a district and receive £5,000 pa allowance. It was not yet clear how the Area Champions would work with the parishes.
   - Bus service 127 – this service had been moved to a new operator (A2B Bus and Coach). The bus fare had almost doubled. Fares had not risen for a while but the increase had been poorly
communicated. There was no assurance that the subsidy for this route would continue past April 2018.

- Bus link to Meldreth Station – new Department of Transport guidance prohibited Community Transport services from providing group lifts on a regular basis. The Meldreth Station bus link, operated by Royston & District Community Transport, had addressed this by asking users to become members. However, limited resources meant that the evening bus ran too late for most members. Consequently subscriptions had fallen.

- Meldreth, Shepreth and Foxton Rail User Group – this group would transition to the Community Rail Partnership to give them more clout as consultees. The next meeting would take place on 4th October. Cllr Strudwick was interested in attending on behalf of Whaddon.

- Highways Projects – due to Council Tax freezes CCC would now charge £250 for Officers to advise on projects which were to be 100% financed by third parties.

- Children’s Centre consultation – CCC were proposing to close 19 Children’s Centres to save £1m. Whaddon families were served by centres at Bassingbourn and Melbourn. It was proposed to close Bassingbourn and redesignate Melbourn. A consultation event would take place on 14th September at the Bassingbourn Centre.

6.0 Public Participation:

- Mr M Monks (Whaddon’s Neighbourhood Watch and Speedwatch Co-ordinator) advised that the Police Area Commander had been promoted and would be moving to Hinchinbrook. He had sent a farewell message which would be circulated. A replacement was yet to be announced.

- A member of the public stated that the Chief Inspector who had been running the Rural Crime Action Team had retired. At a recent Cambridgeshire Countryside Watch meeting there had been reports of hare coursing in the area. Members of the public were asked to be vigilant and to call 999 if they saw hare coursing in action.

7.0 Correspondence and Complaints – noting of receipt of significant items of correspondence and complaints from residents:

- SCDC – invitation to Parish Planning Forum 12th September, 6.00p.m., Cambourne (no Parish Cllrs attending)

- Cam Vale Bus Users Group – minutes from meeting on 17th July.

- CCC Local Highways Initiative – information on changes to the application process. Deadline for initial applications had been brought forward to 30th September. Applications would then be developed with Highways Officers for feasibility and costs during October to December. County Cllr van de Ven commented that lots of PCs had been caught out by this earlier application deadline as they do not have meetings during August.

- SCDC – guidance for landowners and parish councils re unauthorised Traveller encampments.

- SCDC media release – regarding proposal to change recycling collections so that waste paper could be put directly into the blue bins, removing the need for a paper caddy.

- PKF Accountants – certified Annual Return for year ended 31 March 2017 and advice on changes to audit requirements for 2018.

- Email complaints from two residents about the Bumpkins Day Care signs in the verge in Bridge Street. The sign which had been facing down Bridge St had since been removed.
