

Current Speedwatch Villages

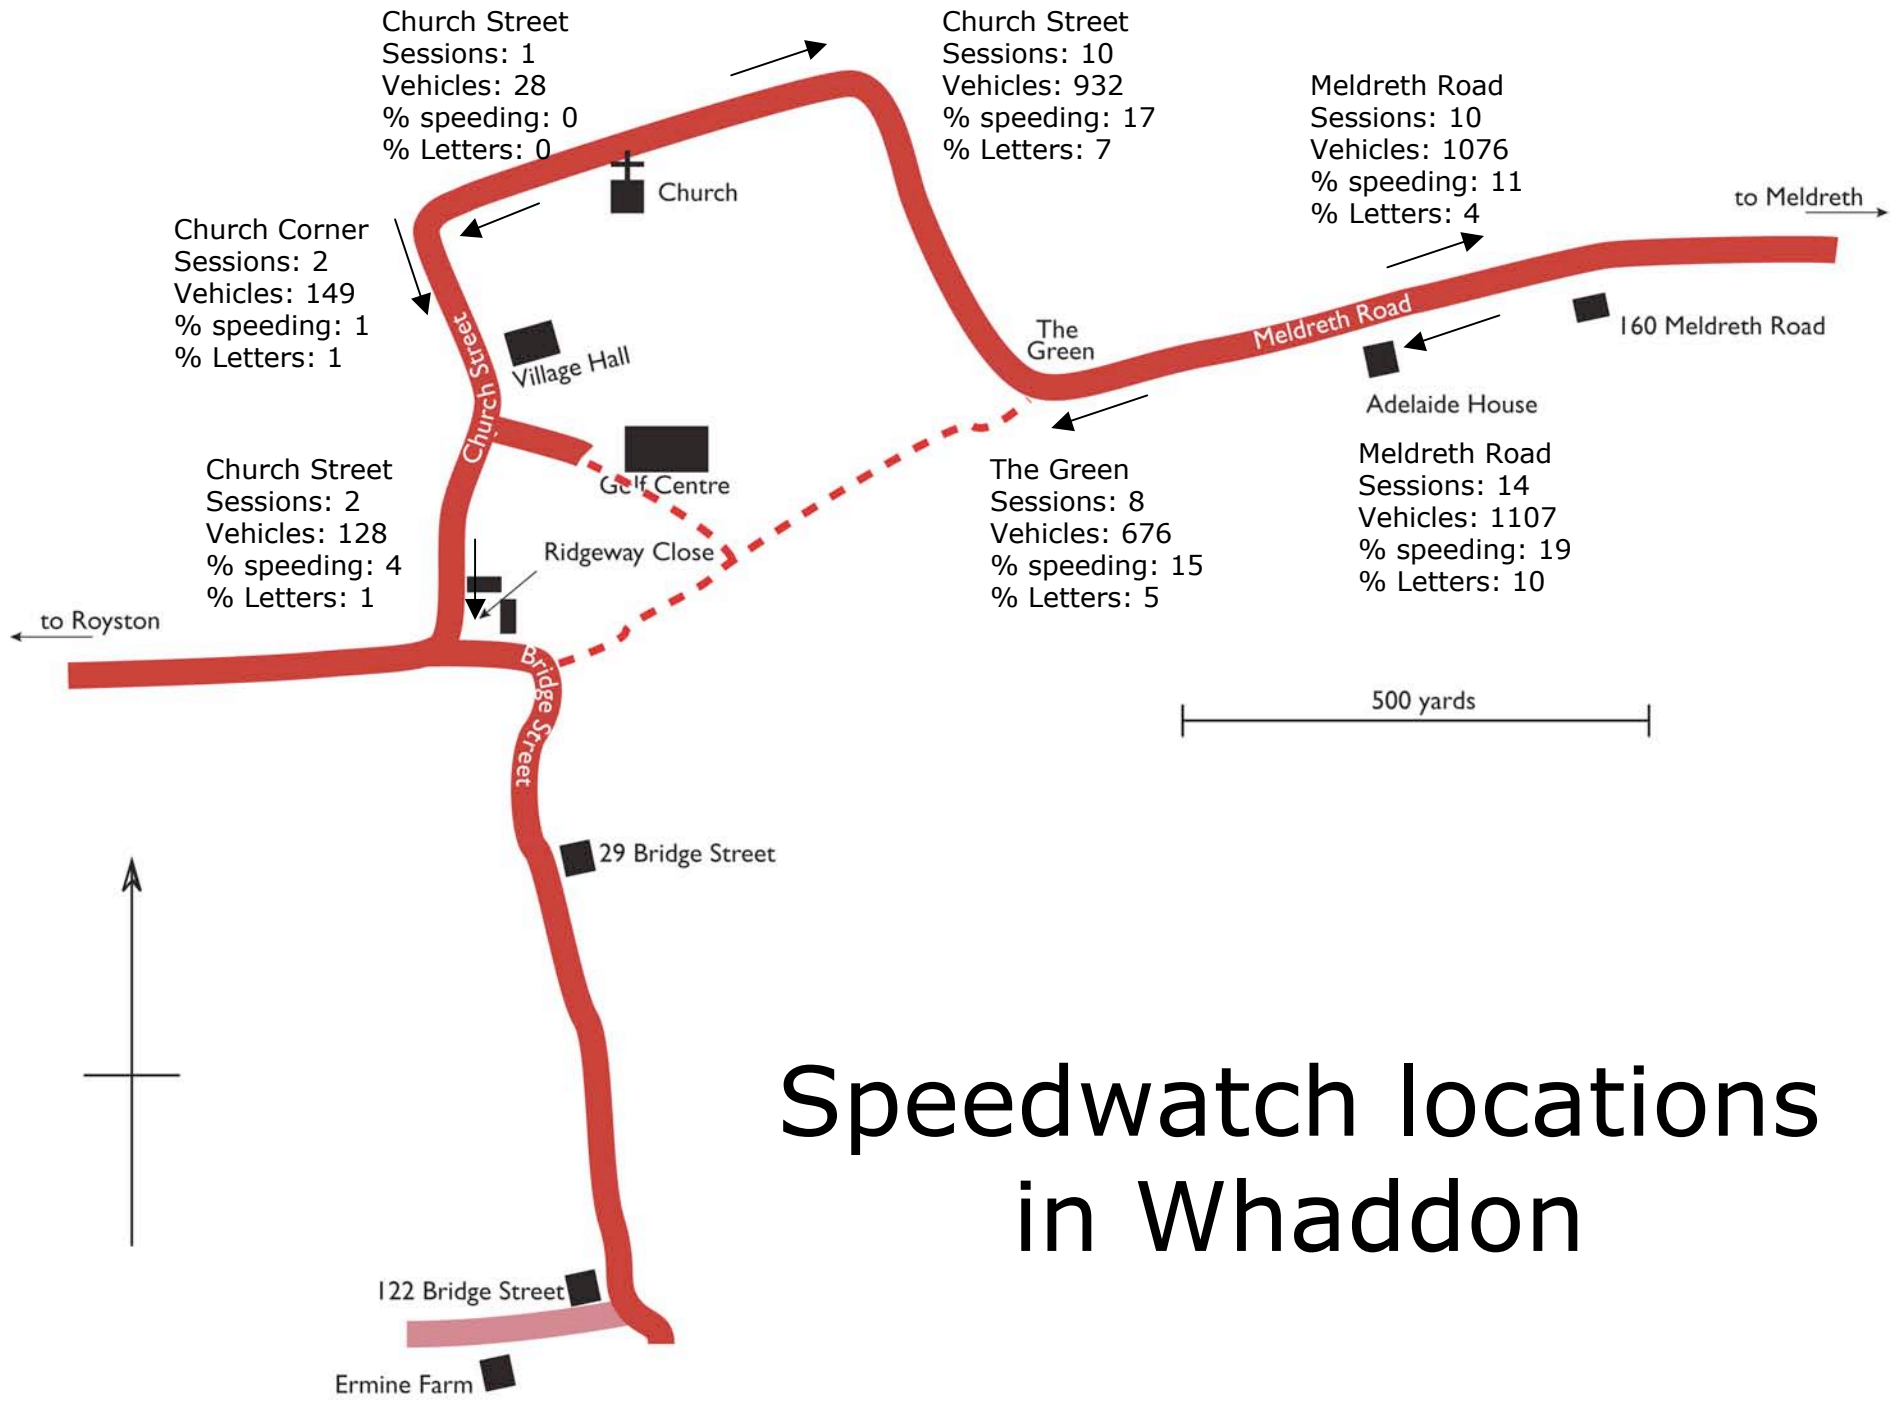

- **Bassingbourn – Vic Nickson**
- **Whaddon – Mike Monks**
- **Great Chishill – Geoff Crowther**
- **Meldreth – Graham Borgonon**
- **Hatley – Peter Mann**
- **Harlton – John Watson**
- **(Arrington – Shani Eliraz)**

A wooden speedwatch from Whaddon, featuring a central figure in a green tunic and a yellow shawl, surrounded by various items like a tree, a camel, a sheep, and a dog. The background is blue, and the entire piece is set within a wooden frame.

Whaddon Speedwatch

A Short Overview

18 October 2009

Speedwatch locations in Whaddon

Data Summary

- 47 sessions March–October 2009
- 07:30–09:30 and 15:30–18:00:
- **4096 vehicles recorded**
 - 335 travelling 43–46 mph
 - 267 travelling 47+ mph (**including 8 over 60**)
 - 15% of these vehicles were speeding (over 43)
 - 7% should be receiving letters (**47+**)
- 64 of the 43+ vehicles recorded are repeat offenders (4 four times, 8 three times, 52 twice)
- 14 drivers have received more than one letter (47+) (2 three times, 12 twice)

Comments

- Whaddon is a short-cut between the A1198 and the A10/A505
- Less evening traffic - problems turning right onto the A1198 at Whaddon Gap results in use of Mettle Hill
- Speeding still most consistent issue raised by the public at Parish Council meetings
- Concern over way police letters are delivered
- We think being a “Speedwatch Village” may be having an effect on some drivers’ behaviour
- We hope an official “Speedwatch Village” sign will be produced
- *Level of speeding through Whaddon now defined*
- *We feel we have a case for a reduction in the speed limit in the village*
- *Speedwatch has a place in the community*
